

## **Sermon Title: Love Yourself**

### **Scripture Reading: Galatians 5:14**

1. Why do you think there is an extreme difference between what Moses said about himself in Exodus 4:10 and what was said about Moses in Acts 7:22?
2. If the healthy self image is seeing yourself the way God sees you, can you describe your own self image (on a scale of 1 to 10, what in your own view is your self? – 1 means very low self image and 10 means super ego)
3. Words are powerful (Proverbs 18:21) – how have you been using the word of God to bring life to yourself and others?
4. How would you describe your own emotional bank account at this moment – in surplus or overdrawn?
5. Pray for one another that we will be able to see ourselves the way God sees us.
