

Sermon Title: Standing Tall In Turbulent Times - Good News In Bad Times

Scripture Reading: Daniel 2

1. There is good news in bad times because God's news is always good news. God's good news is:
 - a) God controls the future — Don't Sweat!
 - b) God confides in His people — Don't Speculate!
 - c) God is the champion — Don't Surrender!
2. What is the good news that you need most for your life right now? Why?
3. Consider 1 Corinthians 14:24-26. Does your cell group experience the reality of this passage each week? Why and/or why not?
4. Let's move in the prophetic right now. This is how you can do it:
 - a) Worship the Lord again for another five minutes or so.
 - b) Pray for five minutes in tongues, and asking God to impart the anointing for prophetic utterances.
(Please understand that praying together in tongues is different from prophesying in tongues together. In the latter case, there must be interpretation and order.)
 - c) Now get in groups of two, and pray for the person prophetically (ie. Without asking for that person's need). Pray for a need in the life of the person which God reveals, and give the Word of the Lord to him/her.
5. Share with one another your experience in moving in the prophetic.
