

I'LL BE HOME FOR CHRISTMAS
HOSTING YOUR WATCH PARTY SAFELY

A. BE SOCIALLY RESPONSIBLE

- If you are unwell, under Quarantine Order, Stay-Home Notice, or have recently been in close contact with a confirmed case, please do not host or attend a watch party.
- If any of your guests are under similar conditions, offer to host them at another opportunity and urge them to stay home. Do take the chance to pray over and minister to them.
- Observe strictly the current limits to social gatherings (*5 guests per household at any one time*).
- Ensure that you have the contact details of all guests at your watch party.

B. OBSERVE GOOD COMMUNAL HYGIENE PRACTICES

- Provide sanitisers and/or soap.
- Clean the venue before and after the watch party, especially shared areas.
- Maintain good ventilation.
- Minimise bodily contact.
- Where possible, do not share food, and provide personal utensils and crockery.
- Party Hosts should be sensitive to the comfort level of their guests during the Christmas carols segment. Those who wish to participate should be mindful of their singing intensity.
